

Strength in
Every Strand,
Reliability in
Every Bond

we are committed to delivering strength, durability, and reliability in every wire we manufacture.

With a daily production capacity of 30 tons, expanding to 40, we are committed to delivering strength, durability, and reliability in every wire we manufacture.

At Surya Iron and Steel Company, we manufacture high-quality binding wire, barbed wire, GI wire, wire nails, and panel pins. Established in 2022, we have rapidly grown, serving 200+ clients across Chhattisgarh and 50+ from North India.

Monish Agrawal

“Building a Legacy of Strength and Trust”

At Surya Iron and Steel Company, I believe that true leadership in the industry is not just about manufacturing high-quality products but about building trust and reliability. Every wire we produce is a reflection of our commitment to excellence, durability, and precision engineering. The construction, agriculture, and infrastructure sectors rely on strong and dependable materials, and we take pride in being the backbone of these industries.

With a deep passion for innovation, I constantly strive to push boundaries, integrating cutting-edge technology and process efficiency to deliver superior products. For me, success is not just about numbers—it’s about long-term relationships, customer satisfaction, and setting new benchmarks in quality. Our journey is fueled by integrity, resilience, and a forward-thinking approach, ensuring that Surya Iron continues to grow and make a lasting impact.

“Engineering Excellence for a Stronger Tomorrow”

At Surya Iron, I see every challenge as an opportunity to innovate and excel. My vision is to redefine industry standards through precision, quality, and superior craftsmanship. From the selection of raw materials to the final product, I ensure that every stage of manufacturing upholds our commitment to quality and performance.

I believe that growth comes from continuous learning, adaptation, and an unwavering dedication to perfection. That’s why I work towards enhancing our production capabilities, adopting the latest technologies, and optimizing our processes to serve our customers better. My focus is on ensuring that Surya Iron is not just a brand but a symbol of strength, reliability, and innovation in the iron and steel industry.

As we move forward, my promise remains the same—to deliver excellence, foster trust, and build a future where Surya Iron continues to be a pillar of India’s progress.

Sonish Agrawal

Vision

At Surya Iron, our vision is to be a pioneering force in the iron and steel industry, setting new benchmarks in quality, innovation, and sustainability.

Our Star Products

Barbed Wire

Secure fencing for agriculture & defence

GI Wire

Rust-resistant wire for industrial and electrical use

Wire Nails

Precision-cut nails for woodwork & construction

Panel Pins

High-quality pins for industrial & commercial applications

HB Wire

High-carbon wire used in multiple industries

Wire Rod

Raw material for various wire-based products

TMT Bars

High-strength bars for construction & infrastructure

Binding Wire

High-tensile strength for construction & reinforcement

Our Star PRODUCTS

Binding Wire

Surya Iron brings to you Premium Binding Wire, a high-quality product engineered to meet the diverse and demanding needs of the construction and industrial sectors. Manufactured using top-grade raw materials and precision-engineered techniques.

WIRE NAME	WEIGHT	SIZE/GAUGES	LENGTH
BINDING	25KG	20 SWG	4200+ MTR
BINDING	5KG	20 SWG	840+ MTR
BINDING	25KG	18 SWG	3600+ MTR
BINDING	RANDOM	18 SWG	RANDOM
BINDING	RANDOM	16 SWG	RANDOM

Barbed Wire

Surya Iron presents its Premium Barbed Wire, designed to deliver maximum protection, durability, and cost-effectiveness. Made from high-quality galvanized iron (GI), our barbed wire is known for its sharp points, robust construction, and weather resistance, making it ideal for securing boundaries across a variety of sectors.

WIRE NAME	WEIGHT	SIZE/GAUGES
BARBED	20KG	12 SWG
BARBED	20KG	13 SWG
BARBED	20KG	14 SWG
BARBED	RANDOM	12 SWG
BARBED	RANDOM	13 SWG
BARBED	RANDOM	14 SWG

GI Wire

Strong. Rust-Free.
Multi-Purpose.

Surya Iron offers High-Quality Galvanized Iron (GI) Wire, designed for strength, flexibility, and corrosion resistance.

Our GI Wire is manufactured using premium mild steel and undergoes a rigorous galvanization process to ensure a thick, uniform zinc coating, making it perfect for both indoor and outdoor applications.

WIRE NAME	WEIGHT	SIZE/GAUGES	LENGTH
BINDING	25KG	20 SWG	4200+ MTR
BINDING	5KG	20 SWG	840+ MTR
BINDING	25KG	18 SWG	3600+ MTR
BINDING	RANDOM	18 SWG	RANDOM
BINDING	RANDOM	16 SWG	RANDOM

- ▶ High Tensile Strength
- ▶ Smooth Finish
- ▶ Rust-Resistant Coating
- ▶ Consistent Quality
- ▶ Multi-Purpose Utility

Wire Nails

Surya Iron offers high-performance Wire Nails crafted with precision to deliver unmatched strength, durability, and reliability.

Made from high-grade mild steel, our nails go through rigorous quality checks and advanced wire drawing processes to ensure sharp points, smooth shanks, and uniform dimensions.

WIRE NAME	WEIGHT	SIZE/GAUGES	LENGTH
NAILS	25KG	1.5 INCH	12 SWG
NAILS	25KG	2 INCH	10 SWG
NAILS	25KG	2.5 INCH	10 SWG
NAILS	25KG	3 INCH	8 SWG
NAILS	25KG	4 INCH	8 SWG

Our Other PRODUCTS

Panel Pins

Surya Iron manufactures high-quality Panel Pins that are engineered for precision, durability, and aesthetic finish. These small but mighty fasteners are widely used in woodworking, furniture making, interior fittings, and general hardware applications.

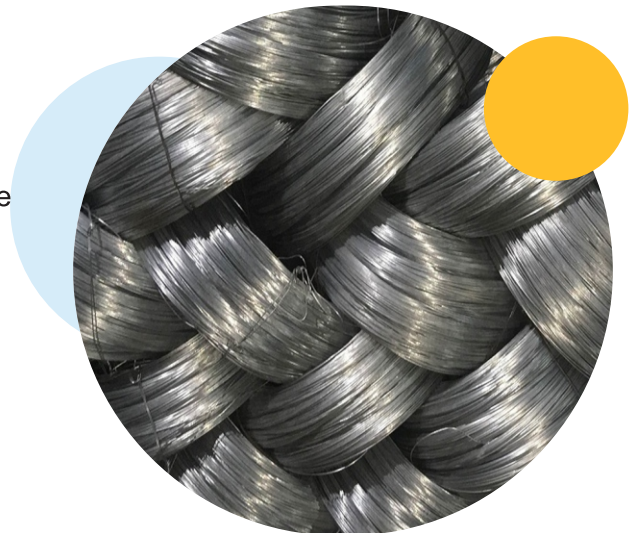

CATEGORY NAME	WEIGHT	SIZE/GAUGES	LENGTH
PANEL PINS	24KG	.75 INCH	17 SWG
PANEL PINS	24KG	1 INCH	17 SWG
PANEL PINS	24KG	1.5 INCH	17 SWG
PANEL PINS	24KG	2 INCH	18 SWG
PANEL PINS	24KG	.5 INCH	18 SWG

HB Wire

Surya Iron offers premium quality HB Wire (Hard Black Wire) that delivers the perfect blend of strength, flexibility, and durability.

Manufactured from high-quality mild steel and drawn using advanced wire-drawing techniques, Surya HB Wire is known for its high tensile strength and smooth finish, making it ideal for industrial and construction applications.

WIRE NAME	SIZE / GAUGE	WEIGHT
HB WIRE	8 SWG	300 APPROX
HB WIRE	10 SWG	300 APPROX
HB WIRE	11 SWG	300 APPROX
HB WIRE	12 SWG	300 APPROX
HB WIRE	17 SWG	100 APPROX

Wire Rod

**Precision Engineered.
Industry Preferred.**

Surya Iron supplies high-quality Wire Rods that form the foundational raw material for various industrial and construction applications.

Produced from top-grade billets and processed through controlled rolling, our Wire Rods offer excellent surface quality, dimensional accuracy, and superior mechanical properties.

- ▶ Excellent Drawability
- ▶ High Strength with Flexibility
- ▶ Low Impurity Levels
- ▶ Wide Size Range
- ▶ Surface Finish

- ▶ High Tensile Strength with Ductility
- ▶ Corrosion Resistant
- ▶ Earthquake-Resistant
- ▶ Fire & Heat Resistant
- ▶ Excellent Bendability

TMT Bars

**Strong Foundation.
Safer Future.**

At Surya Iron, we deliver premium-grade TMT (Thermo-Mechanically Treated) Bars that set the benchmark for strength, flexibility, and corrosion resistance.

Engineered using advanced technology and sourced from superior-quality billets, Surya TMT Bars are trusted across India for residential, commercial, and infrastructure projects.

Whether you're building a home or a high-rise, Surya TMT Bars provide the ideal combination of ductility and strength, ensuring long-lasting structural integrity.

ECONOMICAL RELIABLE STRONG

with a passionate motive to manufacture world class Products keeping in concern the satisfaction level of its customer related to the quality of its product.

Experience

AN ENDURING VALUE SYSTEM

Excellence

We will be passionate about achieving the highest standards of quality, always promoting meritocracy.

Pioneering

We will be bold and agile, courageously taking on challenges, using deep customer insight to develop innovative solutions.

Responsibility

We will integrate environmental and social principles in our businesses, ensuring that what comes from the people goes back to the people many times over.

Integrity

We will be fair, honest, transparent and ethical in our conduct; everything we do must stand the test of public scrutiny.

Unity

We will invest in our people and partners, enable continuous learning, and build caring and collaborative relationships based on trust and mutual respect.

Why Choose Us

Uncompromising Quality Standards

We adhere to the highest global quality benchmarks, ensuring that every wire we produce is durable and built to last. Our rigorous quality control processes guarantee consistent performance, making us a trusted partner in critical industries.

Reliability & Trust

With years of industry expertise, Surya Iron has built a reputation for delivering products that stand the test of time. Our customer-centric approach ensures that we understand and meet the specific needs of our clients, fostering long-term relationships based on trust and integrity.

Cutting-Edge Technology & Manufacturing Excellence

Equipped with state-of-the-art manufacturing facilities, we utilize the latest advancements in metallurgical engineering to create products that offer superior strength and flexibility. Our commitment to continuous innovation keeps us ahead in the market.

Wide Industry Applications

Our wires are engineered to support a diverse range of applications, including construction, infrastructure, agriculture, and industrial projects. Whatever your requirements, Surya Iron provides solutions that ensure efficiency, safety, and durability.

Commitment to Sustainability

As a responsible manufacturer, we prioritize environmentally friendly production processes, reducing waste and optimizing resource usage. We are dedicated to sustainable practices that contribute to a greener, more responsible future.

Fast & Efficient Delivery

We understand the importance of timely project execution, which is why we have a well-structured logistics network that ensures fast and reliable delivery across India. Our streamlined supply chain guarantees that your orders arrive on time, every time.
